**ROCKIT**  
ONLINE

**EVIDENCE-BASED | YOUTH-DESIGNED  
EMPATHY | VALUES | RESPECT**

Only **49%** of young people  
are confident to challenge (cyber)bullying\*

But **96%** of young people  
are confident to challenge  
(cyber)bullying after PROJECT ROCKIT Online

# PROJECT ROCKIT ONLINE

Three online student workshops plus bonus extras and hours of additional classroom activities

Current, cool, relevant content with a look and feel that has the big thumbs up from students

Strengths-based, creative approach is backed by research with input from educational designers

Real-time data reports provide teachers with insights on student attitudes and culture

Multimedia-rich learning on desktop or tablet from anywhere with an internet connection

## DESIGNED BY YOUNG PEOPLE FOR YOUNG PEOPLE BACKED BY EXPERTS AS A 'FIRST IN THE FIGHT AGAINST (CYBER)BULLYING'

Consisting of three online workshops that tackle (cyber)bullying by building empathy and leadership, PROJECT ROCKIT adopts a strengths-based, creative approach that has been tried and tested to great success over the last ten years. Students are guided through a fun and engaging online learning journey through a range of activities that incite reflection and encourage positive change.
